All successful high school sports programs rely on support from the community to achieve their fundraising goals – and the **TASTE for LOS AL** event in October has created an opportunity for every booster club to participate in its **Silent Auction** in an effort to raise money for their programs.

Last year the Los Al Baseball Program exceeded their expectations at the Silent Auction via generous donations from companies like yours, allowing us to move ahead with several field improvements and necessary expenditures. Our coaching staff, players, and families all thank you very much for your support, and will in turn, support YOUR business!
