3. **New Business:**

A. Treasurer's Report - Flynn

Everyone is paid in full. Uniforms are paid in full. Remaining payments for coaches stipends and banquet. We will cash in a CD to make these payments. No other major payments to be made.

Question about the Field and the go ahead from the District to continue improvements. Todd answered that the District has not given us the go-ahead and he will talk to Principal Kelly Godfrey to push it along. We have done everything the District has asked for and he thanks everyone for all their efforts.

Question about the \$\$ paid for the CPA – answered it was necessary because the taxes for tax year 2005 had not been submitted and our accounting needed to be cleaned up and completed.

B. Paper Drive – Bill Tripp

JV team recently filled in for Freshman due to a game scheduling conflict.
Summer shifts will be very hot and although there is water provided, he recommends that you bring your own supply. Make sure you use sunscreen.

C. Snack Shack – Ramona Wright
Snack Shack is doing fine and Ramona thanks everyone for their help.

5. Questions

Uniforms – why do we need to purchase new uniforms every year? This is an unnecessary expense. We could keep the current uniforms in the program and replace what is necessary on an as needed basis. This would save the parents money. Todd will recommend this to Coach.

Add Board Members for necessary positions – should we add a PR person? This position would function to get scores and information to the media. Although this is ultimately the Coach's responsibility perhaps some assistance would be welcomed.

? Add a Field Maintenance person

? Add a Fundraising person

If anyone would like to volunteer, please contact Todd and he will be glad to discuss and work out the details.
