Finished with Banners, we have 62 or 63. Freshman brought in about 30 banners. The Thank You packages have been delivered.

#### B. Paper Drive- Matt Lorenzini

– a big thanks to Chris Fielding who worked the last shift, also Gary Maiolfi has worked each month. This last month was difficult due to conflicts with games and lack of workers. We received 19 tons of paper.

#### C. Griffin Gear – Kathy Nakaki

We are keeping a low inventory; we will have some on hand for the first meeting in September, which is typically when we sell a large amount of gear. Car decals are available. Flynn thank you to Kathy for giving a detailed report of the costs/revenue

#### D. Snack Shack - Ramona Wright

We always need water and Gatorade

### 5. Questions-Appropriate Board Member

### 6. Coach Clabough:

Thank you to all in the Booster Club for everything that we provide and the work we do.

The field looks great similar to Blair Field with the trees. The screen should help the middle infielders see the ball.

We are having a good year so far, the combined record is 33 W – 5 L. We are exceeding expectations.

Summer Ball – in only a few weeks the Season will be over. We are hoping to have 2 American Legion teams. We have been told yes, but it's early and that may change. We will probably play in the Paramount League and a few tournaments. We will probably not be as busy as last year.

Would like to keep the number of players lower, we have to see how everything goes. Letters will go out inviting players to play in the summer, and this is paid for by the players. The initial letter will go out to the players on Varsity that are returning. The next group of letters will go out to those that are being asked to return.

American Legion typically runs through mid July. Usually two tournaments in the end of July, South Coast Tournament and the Wood Bat Tournament.
