### TASTE FOR LOS AL DONATION INFORMATION:

All successful high school sports programs rely on support from the community to achieve their fundraising goals – and the **TASTE for LOS AL** event in October has created an opportunity for every booster club to participate in its **Silent Auction** in an effort to raise money for their programs.

Making a donation to the silent auction will benefit Los Al's Baseball Program and provide you with and opportunity to showcase your products and services while connecting with the local community. Last year the baseball program exceeded their expectations at the Silent Auction via generous donations from companies like yours, allowing us to move ahead with several field improvements and necessary expenditures. Our coaching staff, players, and families thank you very much for your support and will, in turn, support YOUR business!
